# INTERIOR WALL COVERINGS

Decorative finishes designed to enhance the look and feel of interior spaces. From textured panels and stacked stone to wood accents, wall coverings add depth, style, and personality while protecting walls and tying together the overall design.

Making Dream Surfaces Attainable

## ROCKMOUNT STACKED STONE COLLECTION

Our Rockmount™ Stacked StoneCollection includes full-sized 6"x24" panels as well as smaller 4.5"x16" M-series stacked stone panels. Both stone panel lines come in an inspirational array of looks and finishes—refined rustic to contemporary chic, split-faced to 3D honed—in stones such as marble, slate, travertine, and quartzite. A natural choice for outdoor applications such as barbeque surrounds, planter walls and architectural features, these from-the-earth beauties are equally enchanting indoors, giving backsplashes, accent walls, fireplace facades, and other vertical applications unmistakable character. In addition, all Rockmount™ stacked stone ledger panels are modular in design, which allows for less grout and seamless installation.

CLASSIC COLLECTION (BLUE SINGLE SHAKER)

# CLASSIC COLLECTION

Single shaker cabinets maintain the clean lines and simplicity that define the shaker style.

They feature a flat center panel surrounded by a frame, which creates a visually appealing and timeless look.

The single panel design offers a sleek and modern twist on the traditional shaker cabinets.

*Blue Single Shaker (BSS)*

# MODERN CLASSIC COLLECTION

The Slim Shaker feature of the Modern Classic Series offers narrower stiles and rails compared to traditional shaker cabinets.

This design element creates a sleeker and more contemporary look while maintaining the classic shaker aesthetic.

The slim profile also allows for a more efficient use of space in the kitchen.

## KITCHEN CABINETS

Slim Shaker design combines a contemporary aesthetic to the classic shaker design.

WOODLAND COLLECTION (NATURAL WOOD )

# WOODLAND COLLECTION

Natural wood cabinets have a timeless appeal that transcends design trends. They can adapt to changing styles and remain relevant and stylish for many years. Their classic look also adds value to your home, as wood is often associated with high-end and quality craftsmanship.

Natural wood cabinets can be customized to suit your specific preferences and needs. They can be designed with various door styles, including raised panel, recessed panel, or shaker, allowing you to achieve the desired level of detail and sophistication.

*Natural Wood (MNW)*

# CONTEMPORARY COLLECTION

High gloss OR matte cabinets create a clean and modern appearance in the kitchen. The high gloss finish reflects light, giving the cabinets a shiny and reflective surface that adds a sense of brightness and openness to the space

Matte options also offer a great effect on the elegance of simple design.

This line has superior resistance to discolouration and fingerprints disappear almost instantly.

# DESIGNER COLLECTION

Crafted with precision, these doors feature a sleek painted finish that delivers a smooth, polished look built to last. The high-density fiberboard (HDF) frame—including stile and rail—offers exceptional stability and durability, while the HDF center panel ensures a flawless, uniform surface for the perfect painted result.

Built using 5-piece mortise and tenon construction, these doors combine traditional craftsmanship with modern engineering, giving you a door that's as strong and reliable as it is stylish. The result: a refined, timeless design that enhances any kitchen or living space.

YORK WHITE (YW)

# AUTHENTIC COLLECTION

These doors showcase the natural beauty of birch wood, enhanced with a rich stained finish that brings out the grain's warmth and character.

The birch wood door frame—crafted with stile and rail construction—provides strength and timeless elegance. At the core, a high-density fiberboard (HDF) center panel with birch veneer delivers a smooth, consistent surface while maintaining the authentic look of solid wood.

Constructed with 5-piece mortise and tenon joinery, the result is a door that's not only strong and stable but also a stunning centerpiece in any kitchen or living space.

## FIRECLAY SINKS

Fireclay is a natural material that has healthy and long lasting sought-after qualities in the design of a kitchen or a bathroom.

This highly durable material is also hygienic thanks to its antibacterial properties.

Fireclay is resistant to scratches, stains, acids and chemicals.

### NOTES

Due to the artisanal and organic nature of the material, fireclay sinks can vary in size up to 1/8 inch. We recommend that you use the real sink for measuring and marking countertop and cabinet cutouts.

# DRAFTING & 3D DESIGN SOLUTIONS

## DRAFTING & BLUEPRINT SOLUTIONS

Professional drafting services that turn ideas into detailed construction drawings.

### DESIGN DEVELOPMENT

Our team drafts detailed plans based on your input. We consider functionality, aesthetics, and local building codes to ensure your design meets all requirements.

### REVISIONS & FINALIZATION

Your satisfaction is our top priority. We will refine your plans meticulously until they meet your exact specifications.

### PERMIT-READY PLANS

We coordinate with your local municipality to ensure your plans meet all necessary regulations, making the permitting process smooth and hassle-free.

### READY TO BUILD

Once approved, your plans will be finalized and ready for execution. You will have all the required documentation and specifications to move forward with the construction process, ensuring a smooth and confident transition from design to build.

## 3D DESIGN & RENDER SOLUTIONS

High-quality digital visuals that bring designs to life before construction begins. 3D renders showcase floor plans, finishes, and layouts in realistic detail.

### HOW IT WORKS

**Reach Out:** Contact our in-house design team.

**Complete Questionnaire:** Fill out our provided form to share your vision.

**Consultation:** Collaborate with our designers to align on your project goals.

**Initial Draft:** Submit a deposit and receive your first render draft for review.

**Feedback & Revisions:** Discuss the draft with our team and request edits as needed until you're completely satisfied.

**Final Payment:** Once approved, the remaining balance is due.
